Enter Xyron A Halo Story

This are me first writing I hope all like lots

Mastar Cheef lands on the Earth to fight teh condiment from killing all humen He/she sees a broot and shoots him with a plasma pistle The broot loses all sheelds and is week Sparton switches to baddle rifle and shoots him in the head You hear a grunt call from the distance BOOM HEADSHOT Cortana tells Arbiter that they are going to win for luck This encourages them for killing After broot dies Cheef sees grunts and throws a stingy grenade It stick and kill 2 of them Now Arbiter find cover to recharge sheelds he trys to grab rocket from spot ahead and gets sniped by one of dem lil funny lookers Arbiter is now in least stand and can only use pistle Cheef sees he down so saves him b4 a condiment could curb stomt Now the two fighters leave team to go to new town where they need to escape b4 x-plodes Grabs warthog and hits dem gas to speed up The flood nows barging into side of dem and they swerve to miss They got hit lil bit but still alive They see jump to make for life and needs to have der speeds at fullness to make it Arbiter jumps on turret and starts shooting baddies They make it and save the day In the cut scene following win see Arbiter hurt and will die He woonds on stumack and blooding He pass but Cheef grow stronger We meet new character called Xyron who replace him for coop play This leeds to sequel

If yalls like let me know and Is create sequel fo sho.

End
file.
